

## Formosa Dead is Placed At 3,152, Relief Units Rush to Remote Areas

Total Seriously Injured Placed Officially at 10,406 With Damage Estimated at \$3,000,000—Railroads Repaired Hastily.

### INDUSTRY SAFE

Flood Fears Felt by Officials as Tansu River Is Swollen by Heavy Rains.

(Copyright, 1935, By Associated Press) Taihoku, Formosa, April 23.—Relief agencies, experienced in dealing with earthquake disasters, rushed food, water and medical supplies today into remote sections of northwestern Formosa devastated in Sunday's catastrophe.

The problem of supplying water to the survivors became one of primary importance as a tropical sun parched the tongues of the stricken inhabitants and added to the hazard of the spread of disease.

Scarcely a pipeline or a reservoir was left undamaged in the entire stricken area.

Hasty repairs to the shattered railway line leading from here to Tainan and northward enabled relief workers and physicians to speed into the interior with their welcome stores of water, food and blankets.

The latest official casualty figures, which it was believed would be subject to only minor revision, gave the number of dead as 3,152 and the total seriously injured as 10,406. Damage was estimated at \$3,000,000.

Aerial surveys of the quake region showed that the flimsy villages of the savage, head-hunting mountain tribes had escaped destruction and that heavy casualties at first feared in these areas had not occurred.

It also was ascertained that Formosa's principal industry, sugar, had suffered no serious damage, most of the mills and cane fields being outside the damaged zone.

The surveys disclosed that the shocks had waste an area of approximately 2,000 square miles inhabited by some 250,000 persons. Most of the inhabitants are of Chinese extraction and engaged in agricultural pursuits.

As army and Japanese Red Cross workers pursued their merciful efforts, a succession of slight aftershocks sprang new terror. None of the later quakes, however, was of sufficient force to cause damage.

The possibility that floods might add to the woes of the territory created concern among officials. The Tansu river is close to flood stage as a result of recent tropical rains and it was believed only continued fair weather would check its rise.

The Japanese destroyer Shimakaze reached Yoritani with a cargo of relief supplies, while the steamer Yamato Maru was en route from Kobe with a group of Red Cross workers.

(The naval office in Tokyo announced it had declined "with sincere thanks" the offer of Admiral Frank B. Upham, commanding the United States Asiatic fleet, to place the facilities of the fleet at the government's disposal to aid in its relief efforts. British naval officials at Hong Kong also offered the assistance of their facilities.)

## Appropriations Committee Cuts Navy Estimates As Very Alarming

Request by Administration for 24 New Ships is Halved With Statement That There is Nothing in Measure to Prevent Construction, if so Desired—Continued Limitation and Contraction of Tonnages Held Up As Wish of All Educated, Unselfish People.

### Navy Able To Repel Attack on U. S. Shores

Washington, April 23 (AP).—A declaration that the naval high command believes the navy, in its present state, is incapable of carrying aggressive warfare to another world power but is able to repel an attack on American shores has been made to a House committee by Admiral William H. Standley.

Testifying on the navy's annual appropriation bill, the chief of naval operations said, however, the treaty strength navy toward which the country is building would be as powerful as any on the seas and able to wage war satisfactorily.

The admiral's testimony was made public today.

Answering questions of Representative McLeod (R-Mich.), who wanted to know how the navy was equipped to oppose, in an emergency, an outstanding world power, Admiral Standley said:

"We do not feel that we are in a position to wage a war or carry a war to the other fellow at the outbreak of the war. We feel that our position would be rather weak so far as merchant marine and various other auxiliaries are concerned."

"However, so far as combatant ships are concerned, we would feel that the enemy could not carry the war to our shores."

### Near Agreement On Milk Prices

New York, April 23 (AP).—Working quietly behind closed doors, representatives of the federal government and interested eastern states today were believed near an agreement on a solution of the problem of stabilizing milk distribution and prices.

The group met yesterday for an eight-hour discussion of ways and means of aiding the dairy farmer but announced no results would be made public until plans had been approved by producers. Another conference was scheduled for May 1, in New York.

New York's agriculture commissioner, Peter G. Ten Eyck, presided. Although delegates from the seven states in the metropolitan milk shed were expected to attend the conference, Massachusetts, Maryland and Vermont were not represented, except by J. E. Carrington, chairman of the Northeastern Dairy Conference.

Although Commissioner Ten Eyck refused to comment, it was believed the conference studied minimum price laws, recognition of Farmers' Cooperatives and the power of the secretary of agriculture to examine books of milk distributors to verify their reports to him under the proposed federal licensing act.

Ten Eyck said the states have controlled the intra-state milk shipping, and the conference problem was to devise means of controlling interstate distribution.

The conference was the second held after the supreme court ruled that New York state cannot enforce its minimum price regulations on milk shipped into the state. New York officials feared the ruling would open the way for dumping cheap milk into the state and deprive farmers of their chief markets in the metropolitan area.

### FIRE DEPARTMENT INSTALLS ANOTHER NEW FIRE ALARM

The fire department on Monday completed the installation of another new fire alarm box which has been placed in the Orinman Sanitarium at 256 Washington avenue. The box call is 213.

## French Army Greater By 120,000 Conscripts

Paris, April 23 (AP).—The swelling of France's army by 120,000 men started today as green conscripts to that number began their departure for preliminary training barracks. The movement will take two days.

The youngsters, many of whom are of "war baby" age, are expected to receive intensive training with various regiments throughout France while the 60,000 trained conscripts, who originally were to return to civilian life May 12 will be held over to service to help complete France's eastern fortifications.

The new conscript contingents bring the official estimate of soldiers stationed in France to 410,000, most of whom are quartered in the eastern section of the country. Conscription is a privilege in his country, however, few of the new conscripts are expected to work with the French frontier regiments.

Washington, April 23 (AP).—An admonition that the cost of building an American navy up to treaty strength "must be disturbing to us and equally disquieting to other powers," was sounded today by the House appropriations committee in laying before that chamber one of the largest peacetime naval appropriation bills in history.

The committee chose this language to explain its action in reducing by almost \$15,000,000 budget estimates of requirements for the beginning of new ship construction.

At the same time it called attention to demands for even more rigid limitation of naval armaments than is provided in the Washington treaty—which expires in 1936—by asserting:

"It would seem that continued limitation and some contraction of tonnages now permitted must be the wish of all educated, unselfish people of the world over."

The total of \$459,523,761 provided by the measure for the naval establishment in the 1936 fiscal year was \$172,980,629 larger than the \$286,543,132 appropriations for 1935, although \$172,980,629 under budget figures.

The administration asked for \$29,380,000 to start laying down 24 new ships for replacing present vessels and looking to a treaty navy of under age ships of 1942. The committee halved this amount but reported to the House that "if, for reasons deemed to outweigh those here advanced, the administration should elect not to defer the construction of such ships, there is nothing in the bill to hinder that course."

Supplemental Appropriation. It pointed out, however, that a supplemental appropriation probably would be necessary early in the next session in this event.

"However much we may be determined to live up to the letter and spirit of that tenet of the United States naval policy which reads: 'To create, maintain, and operate a navy second to none and in conformity with treaty provisions,' the ultimate cost must be disturbing to us and must be equally disquieting to other 'treaty navy' powers," the committee cautioned.

"It would seem," it continued, "that limitation and some contraction of tonnages now permitted must be the wish of all educated, unselfish people of the world over."

Another Conference. Another (naval) conference will be held during the present calendar year. The committee's proposal to halve the estimate for additional new construction is offered with the thought that the administration might wish to defer the commencement of such construction until that conference shall have been concluded. Such a course should be interpreted as an expression of our faith and confidence that the principle of limitation will survive and that out of such conference a new and better accord will be born."

The administration program had called for starting in 1936 one aircraft carrier, two light cruisers, three destroyers under 1,500 tons, 12 destroyers under 1,500 tons and six submarines. A bitter committee fight was understood to have centered around the new construction plan.

The committee explained it also trimmed budget estimates for naval aviation from \$52,000,000 to \$43,500,000, but said the actual reduction amounted only to \$2,764,400 because of a transfer of the naval reserve appropriation incident to the aviation cadet program and the substitution with the approval of the Bureau of Aeronautics of a contract authorization for new planes.

Although it did not specify the number of new airplanes to be built in 1936, the committee said it was expected to have 160 more in operation during 1936 than the present 1,132.

An 11,000 increase in navy enlisted strength as contained in budget estimates was provided in the bill. This would bring the complement on larger ships from 36 to 45 per cent, provide crews for more ships and increase aviation personnel. Present appropriations look to a naval enlisted force of 82,540 at the end of the 1935 year.

### HENDRICKSON'S CASE

ADJOURNED TO APRIL 26

This morning in police court Orville Hendrickson of 455 Albany avenue, who was arrested recently on a charge of driving a car while intoxicated, informed Judge Colleton that he desired to retain a lawyer, and asked if the hearing set for today could not be adjourned until later. The police department raised no objection to an adjournment and the hearing was set down for April 26. Millard Davis of the Chambers road, arrested for speeding on Albany avenue, was fined \$10.

### Respirator Record.

Oakland, Calif., April 23 (AP).—An all-time record for respirator cases was credited by physicians today to Raymond Rambo, 12, after 33 days in the "iron lung" at Alameda county hospital. The young inmate, paralyzed victim still was cheerful and patient.

## Relief Load In This City Is Showing a Decrease Bucking Headwinds On Return From Honolulu

Slight Falling Off in Number Carried on Relief Rolls Due to Clients Receiving Temporary Work for Several Weeks.

### BUILDING STREETS

ERB Planning To Send Repair Gangs Into Streets Torn up for Laying New Sewers.

Encouraging news for the taxpayers was received at the headquarters of the local emergency relief bureau on Broadway today when it was stated that the relief load showed a slight decrease this month.

H. S. Shultis, executive secretary of the ERB, stated that the decrease was due to the fact that temporary employment of from two to three weeks had been received by some of the men on the relief rolls. He said that both the ERB board and himself were greatly pleased with the fact that when clients on the relief rolls did receive temporary employment they promptly informed the ERB of that fact. Mr. Shultis said that this showed that many of the men who were carried on the relief rolls of the ERB preferred private employment in preference to work relief when they could obtain it.

### Rebuilding Streets.

At the present time the ERB has three streets under reconstruction in the city. The streets being rebuilt are Hudson street, Fairmont avenue and Mountain View avenue.

### To Repair Streets.

Commencing May 3 the ERB is planning to send out two street repair gangs to make repairs to streets which were torn up to lay new sewer and water pipes. The reason the work was not started sooner was due to the fact that the ERB desired to wait until the frost was out of the ground, and to give the trenches that had been filled in after the pipes were laid, a chance to settle, so that there would be no depression in the streets when they were repaired.

### Other Projects.

Other work relief projects that are underway are the building of the new incinerator on Wilbur avenue and the new laboratory adjoining the Kingston Hospital.

## Townsend Pushes Big Foundation Program

Washington, April 23 (AP).—Brushing aside the idea of engaging in any "political movements," Dr. F. E. Townsend revolved in his mind today a proposal to set up a \$100,000,000 foundation to "teach people to think politically."

The white-haired father of the \$200-a-month pension plan, which was defeated last week in the house of representatives, made it plain that his principal aim—first—is still that pension program.

"New clubs are being formed by hundreds every week," he said. "A newspaperman asked him whether he considered the Townsend organization a permanent thing."

"It will be permanent," he said. "It will act as a great educational force. People must be taught to think politically. They never have. They have permitted politicians to do their thinking for them."

"We are thinking of a great educational foundation to teach people to think politically. A hundred million dollars could be raised for it," he said.

"By asking people to give a dollar each. They would do it gladly, and many would give more."

### Dies on Voyage.

Greenwich, Conn., April 23 (AP).—A wireless message received at his home here today told of the death of William B. Sewell, retired Greenwich and New York millionaire, aboard the S. S. Empress of Australia, as he was returning from a world cruise. The message gave no details and did not say when Sewell died. It was said at his residence. The vessel is due to dock in New York city tomorrow, and the body will be brought here for burial. Sewell, whose wife died several years ago, leaves a daughter, Mrs. Margaret Slaton of New York.

## Pan American Clipper Bucking Headwinds On Return From Honolulu

Huge Seaplane Races Over Pacific for California on First Round Trip Flight Between Hawaii and Mainland.

### PICKS UP SPEED

Oblique Winds at Near Gale Force Cut Speed of Plane Perceptibly—Radio Provides Contact.

Alameda, Calif., April 23 (AP).—Gaining speed as stubborn headwinds slowly shifted toward its tail, the Pan-American Clipper raced in brilliant sunshine high above cloud banks today toward its goal of a noon landing here, completing the first round trip flight between California and Hawaii.

At 9 a. m. PST (12 noon, Eastern Standard Time) the seaplane was less than 600 miles off the coast, and flying at a rapidly gaining rate after a night of buffeting headwinds.

At 8 a. m. (11 a. m. Eastern Standard Time) the Clipper reported it was traveling 144 miles an hour, was 1,718 miles out of Pearl Harbor and 692 miles from the mainland.

The plane was flying with a beam wind (oblique), and at an altitude of 7,800 feet, above cumulus cloud banks. The ship reported it had seen the water below for the first time since three hours out of Pearl Harbor.

Seeking to complete the first round trip flight between California and Hawaii the Clipper was buffeted from her takeoff by cross winds and headwinds, the Clipper never reached her normal cruising speed of 150 miles an hour during the first 12 hours of the 2,400 mile return trip.

At 5:30 a. m. (8:30 a. m. eastern standard time) the huge monoplane was 1,432 miles out of Honolulu, just 232 miles beyond the halfway mark which she passed 2 1/2 hours previously.

Flying 7,500 feet above the Pacific ocean and a thousand feet above the clouds, the crew of six had not seen a surface craft since 9 o'clock last night.

Aboard the plane when it took off from Pearl Harbor at 3:29 p. m. Honolulu time, yesterday (8:59 eastern standard time) were more than 12,000 letters. The takeoff was just one minute ahead of the time announced by officials of Pan American Airways, owners of the huge craft.

Head and cross winds at the start of the flight apparently cut the Clipper's speed, but there was no reported effort by the six men crew to push the ship to its cruising speed of 150 to 160 miles per hour. In the early stages of the flight the speed averaged about 137 miles per hour.

Outbound last week, the Clipper shaved seven hours off previous west-bound flight records by reaching Pearl Harbor, Honolulu, in 17 hours and 45 minutes.

In command of both flights was Capt. Edwin C. Musick, but the duties of the craft was due for other hands when it reaches here.

Pan American officials announced Musick and Fred J. Noonan, navigation officer, would be returned to duty with the company in Miami, Fla., when the present flight ends. Musick is a veteran of more than 22 years' aviation experience.

The plane may remain here about a week before making another Hawaii flight in preparation for inauguration this summer of a commercial air service to the Orient via other Pacific islands and Manila. Canton, China, is the far eastern terminus of the proposed route.

All data gathered on this round trip flight will be carefully studied for use in the \$,500-mile Oriental route, no link of which is longer than the 2,400 mile leg from the mainland to Hawaii.

### FIREMEN STILL BUSY AT BROOKLYN WAREHOUSE

New York, April 23 (AP).—More than 200 firemen are still finding plenty to do at the New York Dock Company warehouse fire in Brooklyn, even though it is burning for the fourth day.

They became engineers yesterday, building two bridges to carry hose over a railroad so that service could be resumed and a shipment of strawberries and salmon saved. They also built a dam to control the flow of tons of water from the \$500,000 ruin.

Fifteen firemen, among the scores of firefighters and subway passengers killed by the smoke Saturday, still are in hospitals.

### Treasury Receipts.

Washington, April 23 (AP).—The position of the treasury on April 20 was: receipts, \$6,456,548.67; expenditures, \$25,250,322.22; balance, \$2,011,587.45. Custom receipts for the month, \$22,931,372.18. Receipts for the fiscal year (since July 1), \$2,949,249,192.73; expenditures, \$5,440,701,600.43 (including \$2,814,666,288.42 of emergency expenditures); excess of expenditures, \$2,491,452,408.10. Gold assets, \$8,655,246,758.70.

## Morgenthau Says Any Of The Bonus Plans Would Require Additional Taxes

China Orders Compulsory Military Training Today

(Copyright, 1935, By Associated Press) Nanking, China, April 23.—China fell in line with world-wide armament activities today by ordering that all her male high school and college students undergo at least one year of intensive military training.

The move, designed as part of a program to construct a modern and efficient military machine, was ordered by General Chiang Kai-Shek, generalissimo of the Chinese nationalist government armies.

At the end of ten years General Chiang expects his program to make China a military power of the first magnitude, capable of "talking back" to the other powers of the world if she should feel so inclined.

He expects that once the movements in full operation it will produce 100,000 thoroughly trained reservists for China's army every year.

In 26 per cent of the country's colleges and high schools, compulsory military training already is in effect. The new order will extend the system to all of China's 1,440 institutions of learning of these categories.

## Questioned About New Paltz Bonds

Jack Kattal, Manhattan realty and bond dealer, Joseph LeDane, who is said to be associated with Kattal in a business way and H. W. Searles of Bainbridge, N. Y., were at the court house Monday night and under questioning that lasted until an early hour this morning in an attempt to elicit information that might lead to the perpetrators of the robbery of the New Paltz Savings Bank January 30. They were questioned by District Attorney Cleon B. Murray, Sergeant John Lockhart and a Pinkerton detective.

The three men were brought into the case following the appearance of some \$3,700 worth of bonds, part of those stolen from the New Paltz bank, in the course of a stock transaction in New York city a week or so ago.

It was alleged that David Milstein, a Brooklyn lawyer, had attempted to dispose of the bonds at a brokerage office. An employee of the firm notified the police and Milstein was arrested. Later, according to the police, he claimed that he had received the bonds from Kattal, who was also arrested. The latter, it is alleged, said that he had received the bonds from an upstate client for disposal.

The upstate client referred to is said to be Searles, who is reported to have denied all knowledge either of Kattal or the bonds in question. Milstein and Kattal were held by the New York police on a charge of criminally receiving the stolen bonds, and have been out under \$2,500 bail each pending a hearing in New York this afternoon.

Little information was given out by the Ulster county authorities, following the questioning Monday night, but so far as could be learned nothing very definite was obtained.

### Woman Fatally Burned

Chicago, April 23 (AP).—One woman was fatally burned and another seriously injured here early today when they were trapped in one of seven North Side apartment house fires which police blamed on a "fire bug." All of the blazes occurred this morning within a period of two hours. Mrs. Julius Goldberg, 73, a widow, died at a hospital a short time after she was extricated from her flaming apartment home by firemen. Her granddaughter, Miss Virginia Winsick, 18-year-old high school student, was in serious condition from burns.

### Fresh Clues Today.

Farmington, Conn., April 23 (AP).—Fresh clues, the nature of which authorities declined to disclose, strengthened their belief today that Mrs. A. Booth Gordon, missing society matron, left Farmington by a northern route, but searchers nevertheless continued blasting in the Farmington river in the vain hope of finding some trace of her. Chief matters to be taken up will be the providing of funds with which to meet obligations on the county. County Treasurer Police has sent a communication to the board calling attention to the fact that the county funds are low and that a certificate of indebtedness amounting to \$25,000, due April first, was not met because of lack of money.

This evening will see Herbert Sears attending his first meeting of the board since he was appointed to fill the vacancy caused by the resignation of William Wright of Marlborough. Mr. Wright resigned on account of ill health and Mr. Sears was appointed by the town board. Mr. Sears is a Democrat and his appointment will leave the board Democratic by one vote. The appointment of Mr. Sears was made by a town board which stands two Democrats and two Republicans.

### Malaria Epidemic.

Columbia, Md., April 23 (AP).—With 24,000 deaths already officially reported, the malaria epidemic today was believed receding. A number of cities reported that the fever, which recently diminished in fatality, now grew stronger again over the week-end and many hospitals were again filled with patients.

Treasury Prepared To Recommend Federal Inheritance Tax That Would Raise From \$200,000,000 to \$600,000,000 Yearly.

### LEGION DEMAND

American Legion Spokesmen Demand Full Cash Payment of the Bonus Before Committee.

Washington, April 23 (AP).—Secretary Morgenthau told the Senate finance committee today that any of the bonus plans now pending would require additional expenditures and, therefore, would call for additional taxes.

The tall cabinet officer, surrounded by a semi-circle of Senators, warned that "a material decline in the market price of government securities" would result from any large expenditure outside the budget.

Questioned by members of the committee, Morgenthau said if the bonus passed, the treasury was prepared to recommend a federal inheritance tax that would raise from \$200,000,000 to \$600,000,000 a year.

Making a prepared statement, Morgenthau did not mention any of the various bonus plans by name. But on being questioned by committee members he said his warning included the Harrison compromise proposal as well as the full cash payment bill.

This statement came as something of a shock to administration leaders as only yesterday Chairman Harrison, who offered his bill in an effort to reach a compromise satisfactory to the administration, predicted it would not require new taxes.

Earlier, American Legion spokesmen had demanded full cash payment of the bonus before the committee, rejecting compromise proposals.

The treasury head was only on the stand a few minutes.

Senator Clark (D-Mo.), an advocate of full cash payment, asked him if the statement he made applied to the Harrison compromise bill as well as the Patman and Vinson measure.

"I don't care to discuss any specific bills," Morgenthau replied. "You feel that any of the bills pending before the committee would require additional taxes?" Clark asked.

"That's my point," Frank T. Hines, administrator of veterans affairs, followed Morgenthau. He had just started to testify when the committee recessed until tomorrow morning.

### PWA MARKET GRANTS FOR NEWBURGH, POKEEPSIE.

Washington, April 23 (AP).—Secretary Ickes approved today a PWA loan and grant of \$211,000 to the lower Hudson regional market authorities of New York state for construction of a farmers' market at Newburgh and Poughkeepsie, N. Y.

He estimated that the two projects would provide employment for 200 men for four months. Simultaneously, Ickes approved the allotment of \$164,000 for dredging the Weehawken-Edgewater channel of the Hudson river. The war department transferred the funds from an allotment for a river and harbor project at Fairport, Ohio.

### DISPOSING OF VAN WAGENEN STORE EQUIPMENT TODAY

Harry Bachrack, of Bachrack Bros., who lately conducted the Van Wagenen store on Wall street, has been busy today disposing of fixtures and furniture of various kinds, equipment of the former store business, the property having been leased to Sears, Roebuck & Co. for a term of years. A considerable quantity of the equipment was taken out Monday night and stored.

## Catholic Charities In Ulster County

The Catholic Charities office for Ulster county is at 515 Broadway, Kingston and is under the supervision of Mrs. Margaret O'Brien. Catholic Charities also maintains a convalescent home for children, St. Joseph's Burghardville, at Palenville. Last year, 282 children, girls from two to 16 and boys from two to seven years of age, spent from one to three months at St. Joseph's. They had been sent there by 26 hospitals of the City of New York to recuperate from illnesses before being returned to their own homes.

There are several other agencies of Catholic Charities within Ulster county. The Sacred Heart Orphanage, West Park, provides for dependent girls from two to 16 years of age and is conducted by the Missionary Sisters of the Sacred Heart. Our Lady of Victory Hospital at Kingston, treated 2,106 patients during 1934; 795 were cared for free of charge. This hospital is conducted by the Sisters of St. Benedict. Three Catholic camps, all non-profit making provided vacations last summer for 532 boys and girls. Camp St. Agnes at New Paltz and Camp Wapanacht at Mt. Tremper are for boys, and Camp Sunset at Plattekill is for girls.

## REPUBLICANS WILL START "WIN THE ASSEMBLY" DRIVE

Albany, N. Y., April 23 (AP)—New York state's Republican "win the Assembly" drive was ready today for its formal launching.

The return of State Chairman Melvin C. Eaton from California, where he has been recuperating from a recent illness, will touch off the G. O. P.'s vigorous campaign to regain the Lower House of the legislature which it lost last fall for the first time in 21 years.

Eaton, who succeeded W. Kingsland Macy at the head of the party last year, will fire the opening shot at a dinner tomorrow night at Staten Island, where he will be guest of honor of the Richmond county Republican Club.

This will be followed by numerous other public appearances and talks throughout the state.

Plans are being made for a get-together of party chieftains, state and national, at an Adirondack camp sometime in June, out of which is expected to come final plans for the Assembly battle.

Republican Assembly Leader Irving M. Ives of Norwich is reported to be considering appointment of 15 members of the Lower House as "minute men" to aid in the campaign in their respective sections.

## EMMA WYKANT SCHOOL DANCE AND ENTERTAINMENT

On Wednesday evening an entertainment and dance will be held in the assembly room of the Emma Wykant School at South Plattekill. The entertainment "preceding" the dance will begin at 8 o'clock and will consist of six numbers by the R-K Dance Studio of Kingston, as well as four numbers from the Cashin School of Dancing.

A popular Kingston orchestra will furnish music for dancing following the entertainment. Refreshments will be on sale.

The committee consisting of Vernon Halwick, Elizabeth Marx, Helen Marx, Goldie Nyulassy and Arnold Nyulassy sincerely hope the public will support this dance as the entire proceeds are to be used for the dental clinic and medical fund of the school.

Flournoie De Hunter, who has been ill for a short time, is now out and feeling much better.

Mrs. Paul Gray is here for a few days of Easter week.

Mrs. Harrison Gridley and her daughter, Carol Gridley, plan to visit Vernon Gridley at Grahamville.

Betty and Mrs. Gommion are in Woodstock for a few days.

Lillian Van Eten is out after being confined to her home by a recent slight illness.

The Woodstock library has been a popular meeting place this last week. On Wednesday a group of men and women discussed the topic, "Is the Future of the People Who Are Living?" On Thursday Miss Florence Webster spoke to a number of women on "The Nature of Reality," after which the group questioned her and held a general round table discussion. Friday was the evening for the weekly meeting of high school girls who spoke on "The Perfect Personality." Next week they will discuss "Education." On Saturday evening the Historical Society held the first meeting of this year. The meeting was an interesting one and well attended.

Easter Sunday was clear and not too cold as the sunrise services were held on Allen Hill as scheduled. Nearly 50 people attended and greatly enjoyed singing the selection of appropriate hymns.

## New Paltz Normal School Activities

At the last chapel period Sherwood Eddy, author, lecturer and world traveler, lectured on "The Storm Center" in the Far East. Mr. Eddy has just returned from an exciting four months in China where he visited the principal cities where he lectured to students and held meetings with groups of business men, educators and government officials. In the cities and villages in Russia he also conversed with government officials, farmers and industrial workers. In Berlin in the summer of 1933 he electrified a representative gathering of German officials and leaders of business and the profession by rebuking the Nazis for their treatment of Jews, Communists and Liberals and challenging them to deny the facts. Dr. Eddy was graduated from Yale in 1931, and was for 15 years working among the students in the Indian empire. He was then called to be secretary for Asia for the National Council for the Young Men's Christian Association. Before the World War Dr. Eddy was engaged with Dr. John N. Mort in conducting meetings for students throughout Asia.

Saturday, June 1, the Delphic Fraternity will hold its annual banquet at Bear Mountain Inn. At a recent meeting of the Delphic, Robert Schmidt, Dick Thompson, George Zimmerman, Jr., Virgil Tompkins received bids to the fraternity.

The Normal will open on Monday, April 29, after the Easter vacation. Miss Kathryn Steen is spending her vacation at her home in High Falls.

Charles Walden, Jr. and Robert Carlton are spending their vacation at their homes in Stone Ridge.

Robert Corliss is spending the vacation in Poughkeepsie.

The annual Alpha Sigma Omicron presented its second annual cabaret last Friday night. The tables were lighted with candles and were arranged about the center of the floor in the gymnasium. Don Moore's orchestra furnished the music for dancing, which was held until 9:30.

Herbert Adler took place and featured the following students: Florence Brown, Cora Gallup, Ross Parrott, Jack Aiello, Eleanor Schermerhorn, Cyrrilla Carter, Ruth Morris, Harold Darling, Charles Alexander, Emily Budygan, William Heltzman, Jean Hiltzbarry, Olga Budygan, Kathryn Gilmartin.

Miss Mary Bloom and Miss Mildred Roosa are spending their vacation at their homes in Stone Ridge.

Sorority elections will be held the second week in May.

Miss Ruth Dumond is enjoying the Easter vacation at her home in High Falls.

May 8 the tox-in-antitoxin clinic will be held at the Lawrence Vandenberg School of Practice. Parents who desire to give their children an opportunity to be inoculated for diphtheria may do so on this date.

All children between the ages of 6 months and 10 years should be inoculated. The village doctors have all volunteered their services.

Last Friday a party from New Paltz Normal left to attend the 10th annual spring conference of the Eastern States Association of Professional Schools for Teachers at the Hotel Pennsylvania, New York city.

Three students, one from each class represented the New Paltz student body. They were: Doris House, senior; Adelyn Hopkins, junior, and Robert Corliss, freshman. This organization is for the purpose to further professional training and also to discuss the various problems that arise and includes all of the eastern states from Maine to Maryland.

The meetings included discussions and talks on the following topics: "Limitations of the Text Books," "Use of Supplementary Literature," "Use of the Magazine," "Stiffing the Public Mind," by John Bakeless, "Behind the News," by Heywood Brown, "Student Elections," "Raising and Disbursing Student Funds," "Student Activity Programs" and "Student Assemblies." Miss Cora Wadsworth and Miss Elizabeth Losel of the Normal faculty spoke at the Saturday meeting on art and answered the question "Is Art becoming too much of a hand-maiden or too to other subject matter fields?" Dr. Lawrence H. Vandenberg of New Paltz Normal, who is vice president of the association, presided at the Friday afternoon meeting. The topic for this discussion was "Beyond the Textbook." Miss Grace MacArthur dean of women at the New Paltz Normal, presided at the dawn of women's meeting on Saturday morning.

A student and faculty banquet was held Friday evening in the grand ball-room of the Hotel Pennsylvania. After the banquet a formal dance was held on the roof garden of the hotel. This convention is the only one of its kind in the country as it is the only one in which both faculty and students participate.

## NEW PALTZ

New Paltz, April 23.—The Christian Endeavor Society and the Youth Forum of the Reformed Church joined with the churches nearby in an Easter sunrise service on the Minnewaska trail. The Rev. John Dirksen, pastor of the Shawangunk Church, was the speaker. At 11 o'clock a play, "The Resurrection," on the plan of the old medieval mystery plays was given at the Easter services in the church and took the place of the usual sermon. The play, in a very reverent way, portrayed a scene in the Garden of Gethsemane on the morning of the first Easter. Those in the cast were: The Woman—Mrs. DeWitt Clinton. The Nameless One—Mrs. Judson Schoonmaker. The Figure in White—Miss Mary Langwick. Gaze—George Langwick. The Rich Young Ruler—Dr. Roland G. Will. Josephus—Irvine G. Barnes. The costumes were secured from the Board of Foreign Missions and came directly from Arabia, the scene of the story.

The Epworth League of the Methodist Church held an Easter morn sunrise service on the northern end of North Oakwood Terrace. The program began with a reading from the "Words and Life of Jesus," Prayer—Jesus' Intercessory Prayer for His Disciples. Reading—The Day of Resurrection. Hymn—"Christ, the Lord is Risen Today." The readings were by the Misses Blanche Gulnac and Elaine Kniffen. Responsive Reading led by Miss Burnice DuBois. Hymn—"Christ Arose." A talk, "Why Other People Have Become Christian," by the Rev. John W. Follette and the Rev. Robert L. Mauserstock spoke on "Why the Real Epworth League is Necessarily a Christian." Prayer Hymn—"Have Thine Own Way, Lord." Sentence prayers, and continuous meditation and the Lord's Prayer followed. Hymn—"I Know That My Redeemer Lives." Epworth League Benediction, followed by a brief silent period. Closing Hymn—"To the Knights in the Days of Old." The service was accompanied by Miss Elaine Kniffen with her trumpet.

After the service at the church where they enjoyed breakfast and later attended the Easter services in the church.

Tuesday evening, April 30, the Consistory of the Reformed Church will hold its annual supper. The menu will be as follows: Roast beef, puree potatoes, sliced beets, green beans, Wulfschlegel salad, pickles, rolls and butter, jelly, apple pie a la mode and coffee. The ladies of the Consistory will serve the supper from 5:30 to 7 o'clock.

A joint meeting of the Reformed Church Ladies' Aid and the Mary Beattie Mission Circle will be held in the church parlor Friday, April 26, at the usual hour.

Friday, May 3, is the date set for the Senior High School play, "Digging Up the Dirt," and will be held in the high school auditorium.

## Proper Diet Lengthens Life And Helps to Maintain Youth

Actual Scientific Experiments Prove That Active Portion of Life Can Be Prolonged By Adequate Feeding

By PETER C. TEN EYCK

Commissioner, Department of Agriculture and Markets Albany, New York

DO you know that within certain limits you can control the length of your life and maintain the characteristics of youth beyond the usual period allotted to man? This statement is based on recent scientific discoveries which furnish reasonably positive proof that a

Dr. Henry C. Sherman

substantial number of years may be added to normal life by an adequate use of milk in the diet supplemented by fruits and vegetables and the proper balance of other foods; that through such a proper diet a real increase in strength, vigor and general health may be secured.

### Experimental Evidence

Scientific proofs of the value of milk for lengthening desirable years of life have been furnished by Dr. Henry C. Sherman of Columbia University and supported by others such as Dr. E. V. McCollum of Johns Hopkins. Long before the advent of the new science of nutrition, milk was recognized as the most valuable food for man.

kind. The influence of milk diets upon longevity has been demonstrated in various races back to earliest history. The strong, virile peoples, the conquerors, have always been owners of cows and other milk animals and consumers of dairy products, and fruits and vegetables.

Dr. Sherman's experiments indicate that about ten per cent, or approximately six years, might be added to the present expectation of human life by means of optimum diets in which milk plays the stellar role. Our average expectation of life is now about fifty-nine years, which in itself represents a marked increase during the last century.

### Better Than Adequate "Diet"

Significant findings show that the optimum amounts of vitamins A, C, and G which cause these increased years of life are much higher than what is usually considered man's actual requirements. In other words, the body is able to make use of a much more liberal intake of milk containing these vitamins than has been considered absolutely necessary.

In these experiments by Dr. Sherman, the amount of milk was doubled in a diet already known to be "adequate." The increased milk resulted in more rapid and more efficient growth, earlier maturity and a higher degree of health in the life cycle.

In this industrial age man must keep himself fit to hold his place in industry and in life; for he realizes that traveling close behind is youth, the fellow that wants his job. He is tremendously interested in his own mental and physical capacity to do well the things he has to do.

Milk contributes to the longevity of most of our centenarians, and at the same time insures a vigorous and healthful old age.

## Charm Of Fresh Cottons

## MODES OF THE MOMENT

New beach modes hint "Old Man Sun" will be busier than ever.

Liane Marvin

The new bathing suits will allow "Old Sol" to do plenty of sunbathing this season, for backs in most cases are very low, although if one wishes protection from the sun's rays a smart beach coat with attached hood that pulls up over the head may be donned.

Colorful rope ties and rope shoulder straps are an important trimming feature of the new suits, while considerable interest is shown in the pattern of the fabric. The white bathing suit pictured

above is knitted in a coral chicken wire design. The low back has double ropes of red, white and blue over the shoulders to form a low V-back. A matching rope tie at the front waistline and the ends are trimmed with chenille balls.

The thick-length beach coat with the "monkey's head" is of dusty pink crepe-cotton material. It has wooden cleats for fastening, long sleeves and two patch pockets—a smart, yet handy beach accessory to have along when chill winds blow as well as for those who like to lie on the sand or stroll over the boardwalks.

## Saugerties Church Reopened on Easter

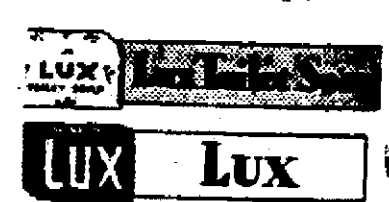

Saugerties, April 23.—The newly redecorated auditorium of the First Congregational Church was officially reopened on Easter Sunday. The fire January 13 did much damage to the building and repairs have been completed. The organ was rebuilt, new walls and pews were installed and the New Pilgrim hymnal was purchased for the members and friends of the church. The Rev. William E. Mack, pastor of the church, made a brief dedication service.

## Twenty Sons of U. S. Presidents Now Alive

Washington, April 23 (AP)—Sons of nine presidents of the United States are active today in business or the law but few men whose fathers sat in the White House are engaged in politics.

One presidential son, Robert A. Taft, challenged the "New Deal" gold policy by filing a suit recently in the supreme court, where his father once was the chief justice after having been president.

Seventy sons were born to the 31 men who have been American presidents. Twenty of those sons are alive today. Their ages range from 71 years, that of Harry Augustus Garfield, president of Williams College, to 19 years, the age of President Franklin D. Roosevelt's youngest son, John, who is attending Harvard University.

The law has been a favorite vocation of presidents' sons.

For most active in politics is President Theodore Roosevelt's eldest son, Theodore, Jr., who has followed in his father's footsteps beginning as assistant secretary of the navy in the Harding and Coolidge administrations, he resigned to run as Republican candidate for governor of New York but was defeated.

Since then he has been governor of Puerto Rico and governor-general of the Philippine Islands. At present he is active in national Republican affairs, being president of the national Republican Club at New York. The present surviving sons of presidents are:

Harry Augustus Garfield, college president, Williamstown, Mass.

James Rudolph Garfield, lawyer, Mentor, Ohio.

Irving McDowell Garfield, lawyer, Boston.

Abram Garfield, architect, Cleveland.

Chester Alan Arthur, New York city.

Richard Folsom Cleveland, lawyer, Baltimore.

Francis Grover Cleveland, lawyer, Belmont, Mass.

Russell Benjamin Harrison, lawyer, Indianapolis.

Theodore Roosevelt, Jr., Oyster Bay, N. Y.

Kermit Roosevelt, steamship company official, New York city.

Archibald Bullock Roosevelt, bond business, New York city.

Robert Alphonso Taft, lawyer, Cincinnati.

Charles Phelps Taft, II, lawyer, Cincinnati.

John Coolidge, railway business, New Haven, Conn.

Herbert Clark Hoover, Jr., air transport official, Sierra Madre, Cal.

Allan Henry Hoover, banking, Bakersfield, Cal.

James Roosevelt, insurance, Boston.

Elliott Roosevelt, air transport official, Leesburg, Va.

Franklin Delano Roosevelt, Jr., Harvard student.

John A. Roosevelt, Harvard student.

WAR HORSES WILL NOT BE MISSING IN "NEXT" WAR

Washington, April 23 (AP)—War horses will not be missing from the field of battle in the "next" war.

Despite the army's motorization and mechanization program, replacing many horses with armored scout and combat cars, General Douglas MacArthur, chief of staff, assured the House and Senate military committees that old-time cavalry is still necessary.

"Motorization and mechanization permit rapid concentration of troops on the battlefield," General MacArthur said in outlining "the machine age war" program, "but after you reach the battlefield the fastest element is the man on a horse."

"Our program is to obtain a balance so that we can move large commands under cover of darkness 100 or 200 miles in a night ready for battle. We are progressive, but not radical. We are not discarding the horse. He still has certain important uses in an army."

Adams county, Mississippi, claims it is wholly free of outstanding debts.

## Mrs. Cromwell Seeks Taj Style for Estate

Calcutta, April 23 (AP)—Mrs. Doris Duke Cromwell, the American tobacco heiress, plans to rebuild a wing of her Florida mansion after the style of the famous Taj Mahal, the three-century old marble mausoleum at Agra.

It was learned today that the glories of the ancient memorial to a Mogul emperor's wife so impressed Mrs. Cromwell that she ordered a well known architect of Delhi to prepare the plans for the remodeling. She especially wants tesselated windows and doors.

Their construction of Indian marble has already begun and they will be transported to America.

Mrs. Cromwell and her husband, John M. R. Cromwell, came to this "City of Palaces" today after several months of a leisurely honeymoon tour of Northern India.

They have run a gamut of experiences including touches of poisonings and talks about the supernatural with Indian mystics along a meandering route from Bombay and they plan to go north again. On the coming trip they will head for the foothills of the Himalayas, touring the famous scenic district of Darjeeling and the native Indian state of Kuchbehar.

"We are enjoying every minute of our honeymoon," said Cromwell on his arrival, after being delayed at Kashmir by the rains. "Although this is anything but a progressive country, our tour made us sympathize with the Indians' desire for freedom, the same as we Americans wanted our freedom centuries ago."

He said Mrs. Cromwell was in wonderful health despite the intense heat and that she considered the Mahatma Gandhi the greatest religious teacher of the century.

Mrs. Cromwell bought a large brass image of the monkey god, Hanuman, "because we have so many monkeys on our Florida grounds that they might appreciate a deity."

was a guest of Miss Sylvia C. Goldwasser.

Mr. and Mrs. L. Purdy entertained their children, Mr. and Mrs. H. L. Cook and daughter, L. R. Purdy, and Miss K. Conlin, all of New Rochelle over the week-end.

Natchez, Miss., claims the largest single unit box factory in the world is located there.

## "Silent Treatment" For Senator Long

Washington, April 23 (AP)—Democratic leaders in the Senate decided today to apply the "silent treatment" to Senator Long (D., La.), who cut loose yesterday with a new assault in which he flung such words as "chinch bug" and "ignoramus" at New Deal chiefs.

After experiencing some difficulty and mental strain in remaining in their seats while Long voiced his threat to take Louisiana out of the tax-paying union, the leaders were said to have reached the conclusion that better results would be obtained by silence than by returning shot for shot.

Senator Robinson of Arkansas, the Democratic leader, was all set to re-

ply to Long at one point yesterday. But he consulted associates first and changed his mind. Vice President Garner advised against a reply on the ground that Long could be handled better if let alone.

Whether or not this agrees with the future strategy of Secretary Ickes, public works administrator, and Harry L. Hopkins, relief chief, it was said authoritatively today to be the policy of the Senate leaders—at least for the present.

There was no sign today that Ickes and Hopkins were changing their stand on the subject of federal funds for Louisiana.

Message from Mrs. Roosevelt  
Istanbul, April 23 (AP)—Delegates to the twelfth congress of the International Alliance of Women for Suffrage and Equal Citizenship, recorded a tremendous ovation today to a message of good wishes and congratulation from Mrs. Franklin D. Roosevelt.

## King Boris Steps Into Dictator's Role

Sofia, Bulgaria, April 23 (AP)—King Boris was acclaimed by loyal subjects today for having saved the country from revolution by firm exercise of his royal prerogatives.

The full story of how the 41-year-old monarch, abetted by his spinster sister, Princess Eudaxia, stepped into a dictator's role to banish the influence of the military clique which dominated the government has only gradually become known.

The King's subjects learned that Boris held defiant military leaders prisoner in the palace while he went about the business of selecting a cabinet according to his own ideas.

The government he chose, headed by the aged diplomat and historian, Andros Tschew, was purged for the most part of the army influence which characterized his previous cabinets.

King Boris was said to have learned only at the last minute that extremist officers of the military league had planned a coup after becoming convinced their sovereign was determined to establish a civil and constitutional government.

Acting with swift determination, the king summoned ringleaders of the projected rebellion to the palace, where he bluntly informed them of his intentions and then ordered them imprisoned in the throne room under guard of 200 loyal military students with drawn bayonets.

While the country celebrated Easter Sunday, ignorant of the dramatic events taking place, Boris set up a ministry loyal to him and then ordered that a new constitution be prepared to stabilize Bulgaria's governmental affairs.

Throughout the crisis, Princess Eudaxia was said to have encouraged her brother "not to waver" and to rest assured that "the people are on our side and Bulgaria and the world will applaud you."

Injured in Train Wreck.

Mexico, D. F., April 23 (AP)—Twelve persons were in hospitals with serious injuries today and 38 others were suffering from minor injuries as a result of a train wreck near here yesterday caused by the collision of an excursion train and a switching engine. Physicians said some of the injured probably would not live.

In the two-day battle of Shiloh in Tennessee during the war between the states, the Union lost 13,047 men and the Confederacy 10,693.

## PORT EWEN

Port Ewen, April 23.—Reginald Potter of Elmira and Claude Potter of Syracuse were week-end guests of their mother, Mrs. E. A. D. Potter, at her home on Stout avenue. A family dinner was enjoyed Sunday when Mrs. Potter entertained her four children, Mrs. Frank Palen, Danil, Claude and Reginald Potter.

The regular meeting of the Dorcas Society will be held at the home of Miss Elizabeth Ellsworth on Broadway this evening. Miss Ellsworth and Miss Gertrude Young will be the hostesses.

The regular meeting of the Willing Workers' Class, Mrs. John Lynn, teacher, will be held at the home of Anna Clark at 7 o'clock Wednesday evening.

A dance will be held in the Ascension Church parish house at West Park Saturday night, April 27. Dancing will be held from 9 until 1 o'clock with music by Pampnell's Highlanders. April 24 marks the fifth anniversary of the parish house and will be celebrated on Saturday night by the dance. Refreshments will be on sale. The public is cordially invited to attend.

Mr. and Mrs. Benjamin Van Steenburgh of Shokan spent Easter Sunday with their daughter and son-in-law, Mr. and Mrs. Charles L. Sickler, at their home on Broadway.

Mr. and Mrs. William Yessie spent Sunday with her mother in Newburgh.

Mr. and Mrs. Alanson W. Short and children, Miss Eunice Short and William Schleede, were Sunday visitors of Mrs. Frank Wood at her home in Ellenville.

Hope Temple, No. 80, Pythian Sisters, will hold its regular meeting Wednesday evening.

Lucretia Rebekah Lodge, No. 283, will hold its regular meeting in the Clister Park lodge room Wednesday evening.

Miss Marjorie Woolsey, who recently underwent an operation for mastoiditis at the Kingston Hospital, was brought to her home on Lampman avenue Sunday where she is now convalescing.

## HOW ABOUT HOT WATER?

IF you have depended on on-and-off methods of water-heating, you are faced with a steadily diminishing supply of hot water at this season, and a growing uncertainty about whether or not it will be ready when you need it.

You can end this uncertainty and inconvenience once and for all by installing an automatic gas storage

water-heater. The first cost is probably less than you have thought, and the cost for fuel may prove little or no more than you have already been paying, since automatic heaters are more efficient.

Don't take our word for it. Install an automatic water-heater in your home for a trial.

Your plumber or water-heating dealer will tell you about the trial plan, or you may call our city office for complete details.

## On The Radio Day By Day

By C. E. BUTTERFIELD

Time is Eastern Standard.

New York, April 23 (P)—Kate Smith is adding guest stars from stage and radio to her Monday evening series on WABC-CBS. . . The Sisters of Skillet, formerly of the NBC kilocytes, are joining Wallace Butterworth's Thrice-a-Week Morning Series on CBS, changing the idea of the program from that using interviews of radio entertainers as the basis.

That pronunciation of which WJZ-NBC is cooking up for Friday ought to be "ain't that something." They're going to have a competent judge of such things on hand, but whether his rulings are to be accepted has not been stated.

There have been some changes in the list of pronouncers, including the addition of Graham McNamee, Fibber McGee and Betty Goodwin.

## April Meeting of

## The W.C.T.U. Here

The Kingston W. C. T. U. met Thursday, April 18, in St. James Methodist Episcopal Church. Mrs. William Hogan chose suggestive Easter Scripture Readings, followed by prayer for the devotional period. Mrs. George Shultz presided, as president, and called for a report from the various committees. The attention of the membership was called to the united effort of local religious, literary and fraternal organizations to bring more wholesome morning activities to the city. T. U. of Monmouth, N. J., who have announced plans to visit the city, will meet on May 15th at the W. C. T. U.

This being the month for consideration of temperance and missions, Miss Margaret Treadwell read a paper on alcohol and the native race of New Zealand. The W. C. T. U. and missionaries, European and native, are giving valuable temperance educational instruction to the Maoris (the name of the native inhabitants of the two islands of New Zealand). And there is a growing desire on the part of chiefs and parents that temperance teaching should be given the children and youth of the race. They realize the difficulties faced in the light for abolition and recognize the education will greatly help to safeguard the coming generation. The Union was privileged to have as its guest Mrs. Anna Bell Graham, president of the W. C. T. U. of Monmouth, N. J., who have announced plans of the work in her home city and state.

## IS SHE THE MARRIED MAE?

Mae West, informed that a marriage license bearing her name and that of Frank Wallace had been located in Milwaukee, said: "I never heard of the guy." ## PREVIEWED

## Today

Broadway: "Naughty Marietta." A new and radical departure from the ordinary motion picture musical takes place in this elaborate production, for it is filled with excitement, soldiers, pirates, Indians, battles, in fact everything one usually associates with thrills and danger. And to top it all, the show has without question two of the finest singing voices ever recorded on a sound track, the talented and beautiful Jeannette MacDonald and the equally talented and likable Nelson Eddy, fresh from the legitimate stage. Together they sing their way through one of the most colorful and tuneful of all the Victor Herbert operettas, supported by a cast of hundreds of players and well-penned sets. Much of the production's success lies in the brilliance of Director W. S. Van Dyke, and the musical direction of Herbert Stothart is also helpful. It is about a French princess about to be forced into an unhappy marriage who escapes to the new America and falls in love with a young captain. The plot isn't anything novel but Director Van Dyke, who also made the famous "Thin Man," supplies the adventure in such quantity and skill that the entire film fairly bristles with action. This, plus the really beautiful singing, makes the picture of rare entertainment value, the best picture of its kind to ever grace the screen.

## Orpheum: "One More Spring"

Orpheum: "One More Spring" and "Home on the Range." Two timely features can be seen at the Orpheum, the first a story of the depression, is so well done that the tragedy of starvation, uncertainty and joblessness loom large and more understandable because of the intelligent work of Warner Baxter and Janet Gaynor. It tells the story of a young woman out of work in a large city, and how she wanders in on a couple of jobless men and together they solve their difficulties. Good entertainment. "Home on the Range" is a Zane Grey western thriller with Jackie Cooper and Randolph Scott. Kingston: "The Wedding Night." A Polish girl, living in the tobacco fields of Connecticut with her parents, follows tradition and is affianced to a Polish boy with the usual dowry of horses and land thrown into the bargain. Into this setting comes a handsome novelist, tired of the city and seeking new plot ideas. He writes of the Polish people in this part of Connecticut and romance flares up with the pretty Polish girl who is about to marry another. Of course, the novelist left a wife in the city and the eternal triangle enters the scene. A tragic ending completes the play, and Anna Stien again proves her capabilities as an actress. Directed by King Vidor, the cast stars Gary Cooper, Ralph Bellamy, Helen Vinson, and Siegfried Rumann.

## Tomorrow

Broadway: "Biography of a Bachelor Girl." A romantic portrait painter decides to publish her life story, a story that many fear might bring personalities into the limelight who would prefer staying in the darkness. The editor of a sensational magazine spurs her on to tell all and falls in love with her despite his hatred for the wealthy class of society. Ann Harding, in the title role, comes through with another fine and sincere characterization and Robert Montgomery as the young editor is slightly miscast in a serious role that gives him small opportunity for humor. A fine supporting cast offers Una Merkel, Edward Everett Horton and Edward Arnold.

## Orpheum: "Scarface"

Orpheum: "Scarface." This is the film that shot Paul Muni to stardom, taking along with him another player who had a bit in the show. That player was George Raft, cast in the small, unimportant role of just another small time mobster, due to the lack of Scarface, the ruling gangster of his mob. Brutal, forceful, it tells the rise of a hoodlum to prominence in the prohibition era, and how cowardly he is when trapped at the end of the show. Anna Dvorak is also in the cast.

## Kingston: "Rendezvous at Midnight"

Kingston: "Rendezvous at Midnight" and "Grand Old Girl." Murder that must be solved quickly or cause harm to innocent persons makes this opening drama a fast paced effort to entertain, with a bewildered cast of players that include Ralph Bellamy, Valerie Hobson, Irene Ware and Catherine Doucet. "Grand Old Girl" stars the familiar and loved May Robson in a well worth seeing drama of a veteran high school principal who backs a bunch of grafting city politicians and wins out against them after one of the most entertaining bits of movie drama one could wish for. Supporting Miss Robson are Fred MacMurray, Mary Carlisle and Alan Hale. Excellent entertainment.

## By ROBBIN COONS

HOLLYWOOD—Shirley Temple fans now get one inch and seven pounds more of their little favorite each time they see a Temple film than they did when first the curly-headed baby star made the world stand up and cheer.

For Shirley is "growing up." On April 23, which incidentally is Shakespeare's birthday, too, she will be six years old, and at Fox studio, where she is giving Will Rogers a race for top box-office honors in 1935, there will be a birthday party as there was last year when Shirley was only five and not quite so famous.

At six, the little daughter of Mr. and Mrs. George Temple of Santa Monica can look back upon greater fame and success than many actors attain in a lifetime. It began three years ago, when the Temples let her sing and dance in short films because she seemed to enjoy singing and dancing and the movies wanted her.

## Earnings: \$52,000 And Up

Fox found a spot for her in "Stand Up and Cheer" and she danced and sang away with the picture. Very soon the whole film world was following the little's suggestion—for Shirley Temple. She got a raise from \$150 to \$1,000 a week, with about one-fourth that figure extra as compensation for her mother, who is in constant attendance. So Shirley three months from now, on completing her first year at this weekly wage, will have to her credit approximately \$52,000 with interest. Her father, branch manager of a bank, is investing her earnings for her.

How much Shirley will have earned before she is "through" in pictures is uncertain.

## Still 'Unspoiled'

The studio-parental campaign to keep Shirley "natural and unspoiled" has been successful or appearances deceive. This child who has her own star bungalow is not excited by seeing pictures of herself, and by now when she sees her name in lights she spells it out only so far as S-H-I-R-E before she says "Oh, that's my name" and drops the subject as if in disappointment that the sign developed into nothing more interesting.

When she received the applause of all Hollywood with her academy statuette of honor recently, she accepted her mother's explanation for the acclaim without question. "They're giving you this, Shirley," her mother said, "because you've worked hard and helped to make many people happy, just as all the people here tonight have worked hard."

New York, April 23 (AP)—The Stock Market's burden shifted to the shoulders of the metals and rails today and the new leaders apparently had little difficulty in breaking the trail to further higher levels.

At the same time a number of the recent sharp gainers took a rest and others, subjected to a little profit taking, shaded their prices moderately. Bullish sentiment still predominated, however, and realizing was well absorbed. The activity was not quite so pronounced as in the previous session.

Shares, up 1 to more than 3, included U. S. Smelting, American Smelting, Dome, Cerro de Pasco, Santa Fe, Delaware & Hudson, Union Pacific, South Porto Rico Sugar, American Sugar Refining and Public Service of New Jersey. Among fractionally firmer oils were Standard of New Jersey and California, Plymouth and Texas Corp.

Such issues as U. S. Steel, American Telephone, Consolidated Gas, Chrysler, General Motors, American Can, Du Pont, General Electric and Western Union were slightly up or down.

Stinsons, Payne & Fennell.

New York City, April 23 (AP)—Fennell today announced the importance of the prayer for peace which the entire Catholic world will voice Friday when the Holy Year closes with simultaneous ceremonies at St. Peter's and Lourdes. His remarks were addressed to a Eucharistic Council Panel, regional secretary of state and legate to the celebration at the French shrine.

Prayer and service for the most part, with occasional vocal aid with their choir.

Huge "Take" of Beer Baron Is Told Today

Syracuse, N. Y., April 23 (AP)—The lucrative Bronx beer business which the government contends, was directed by Dutch Schultz, returned a net profit of 29 per cent during 1930 and 37 days in 1932. It was testified in federal court today.

Pressing forward a finish of its income tax evasion case against Schultz, the government elicited from Leonard Kirchner, internal revenue agent, testimony concerning the huge "take" of the business the profits and losses of which were reflected in the famous red-edged black ledger.

Referring to the ledger, which the defense contends was illegally seized by police and federal agents in a Schultz headquarters, Kirchner said net profits for 37 days in the latter part of 1929 were \$45,789.44.

In 1930, the net profit was \$579,613.45. Gross sales were \$2,036,582.33 during this period. For 1930 the cost of goods (beer, according to the prosecution) was \$1,247,506.04.

The cost of goods for the 37 day period of the previous year was \$31,045.00. Business was picking up.

These estimates by Kirchner climaxed an item-by-item matching of entries in the ledger with figures in bank accounts of the defendant and his business associates.

The testimony was one of the final phases to bolster the contention of the government that Schultz, born Arthur Fleigensheimer, was a "big money" man and ought to have paid taxes on his income.

Dalton, with burial in Greenwood Cemetery at 2:40 o'clock Tuesday afternoon. The many friends Mrs. Kirk made while living in Whitwick will remember her with esteem.

Reviews German Situation.

London, April 23 (AP)—The British government today reviewed the German situation but its cabinet ministers were understood not to have arrived at a decision whether to reply to the recent note by Reichschancellor Hitler in which he questioned the right of other nations to sit in judgment on Germany's rearmament. Great Britain apparently was waiting to see what France and Italy intended doing before making any definite decision. Some quarters said that they believed an answer was required on the part of Great Britain, especially in view of the fact Hitler was reported to be planning a longer communication to the powers concerned. It was also learned that the British are watching closely the circumstances attending the attack in the neighborhood for a military alliance between France and Russia.

**Trout Getting Bigger.**  
They are getting bigger and bigger, the entries in the Sweeney & Schonger big fish contest. The latest and biggest so far, was a brown

trout caught in the reservoir, Monday by Frank Smith of 69 Stephan street. It measured 28 inches in length and tipped the scales at six pounds, six ounces, beating the best previous entry by ten ounces.

## 6-Million Estate Center of Court Fight

New York, April 23 (AP).—An estate of \$6,000,000 today stood in the center of a court fight following the issuance yesterday of a surrogate's court order to show cause why the decree of the will of Mrs. Edna J. Champion should not be vacated.

Mrs. Champion, widow of the founder of the AC Sparkplug Company, died March 18. The order, issued on the petition of Charles L. Brazelle, resident of the New York Athletic Club, was directed against Henry D. Levy, Brooklyn, and Charles Doherty of Lewiston, N. Y., the decedent's brother-in-law, executor under the will, and their attorneys, Katz and Kornblum, of Brooklyn.

Brazelle said in an affidavit that the probated will, dated December 6, 1934, was not valid and related that a previous will, dated August 14, 1933, names him as executor and gives him a joint interest with Mrs. Champion's mother, Elizabeth Jane Crawford, Pontiac, Mich., in one quarter of the residue.

"I believe," Brazelle's affidavit states, "that the December will and its probate are the result of a conspiracy on the part of the executors and others to frustrate my carrying out the wishes of the decedent and to deprive me of the benefit of her will of August, 1933."

Brazelle charged that when he called on Mrs. Champion on the night of her death to "protect my rights," he was assaulted at the instigation of the executors and so seriously injured he was confined to the hospital for ten days.

Brazelle's affidavit said Mrs. Champion's husband left her an estate consisting principally of a minor interest in the AC Sparkplug Company.

"She was without sufficient funds to pay taxes on the estate without liquidating securities," the affidavit continued. "She appealed to me and I advanced her \$200,000 to pay the taxes as liquidation would have resulted in a ruinous loss."

Shortly before her death, Brazelle said, Mrs. Champion told him "I still love you," and that she had never changed her will.

**Skiing Still Leading Sport in Catskills**  
Sunday a group of New York city skiing enthusiasts, who since Christmas have made their week-end headquarters at the George A. Kinsey residence, Phoenicia, made a regular trip to the Slide Mountain ski run under the leadership of Lloyd Kinsey.

Mr. Kinsey reported that at an elevation greater than 2,500 feet the snow on the run was from two to four feet in depth and that the surface was very firm. The run, over two miles in length, afforded the sportsmen some of the best snow of the winter, and some of the latest skiing ever recorded in this vicinity.

Unless there is a sudden heat wave, there is a possibility that the sport will continue for a while.

Trout fishermen who have been at the Kinseys are very glum. They say that the Esopus creek, augmented by the Schoharie waters, is too high for the best trout fishing. However, it is expected that both warmer weather and lower water will enable the fishermen to go after the trout in earnest.

**Tally-Ho Inn.**  
Arthur Buckley and Louise Buckley of Marlborough have certified to the county clerk that they are conducting a business at South Main street, Marlborough, under the name and style of Tally-Ho Inn. They will conduct a roadside stand and restaurant. Rusk & Rusk are attorneys for petitioner.

**Compensation Hearings.**  
Referee Hoyt of the state compensation department will be at the Ulster county court house, Wall street, on May 15, 16 and 17, to hear cases.

**REAL ESTATE TRANSFERS.**  
Deeds Recently Filed in the Ulster County Clerk's Office.  
The following deeds have recently been filed in the office of the county clerk:

Henry Burkard, of town of Marlborough, to George Sachs of Brooklyn, a parcel of land in the town of New Paltz. Consideration \$1.

Norman Coutant and Hannah Coutant of town of Esopus to Holt N. Winfield of town of Esopus, a wood lot in town of Esopus. Consideration \$575.

**Z. N. P. SPORTING CLUB WILL MEET TONIGHT.**  
A special meeting of the Z. N. P. Sporting Club will be held tonight at 7:30 o'clock in White Eagle Hall, Delaware avenue. All members are requested to attend. Refreshments will be served. Plans are to be discussed for the annual banquet.

## Spross to Take Part In Glee Club Concert

The Mendelssohn Club has completed arrangements with Charles Gilbert Spross to take part in the joint concert of the Hudson Valley Glee Clubs as a piano soloist. Mr. Spross is well known in the Hudson Valley as an accompanist, piano soloist and composer. For many years he was accompanist for the Mendelssohn Club.

Mr. Spross's program has not yet been received but he is expected to give one group as piano soloist. Miss Mary Hopple, contralto, will give two groups and the 400 voice male chorists of the glee clubs, four groups.

One of the numbers in the third group by the glee clubs will be the lovely "Where'er You Walk" by Handel and arranged for a male chorus by Mr. Spross.

## Legion County Meeting Thursday

Kingston Post American Legion and Post Auxiliary unit, will be hosts to the Ulster County American Legion at a county meeting to be held in the Kingston Municipal Auditorium on Thursday evening, April 25.

The men will hold their meeting in the main auditorium while the ladies will meet in the meeting room upstairs. Following the meeting there will be dancing and refreshments will be served. A large number is expected to be present not only from the county posts but the local Post and Auxiliary are planning on a large representation. The meeting will start about eight o'clock and will be in charge of County Commander Edmund Burhans of Saugerties.

## German Measles Still Reported in Kingston

While the epidemic of German measles that has gripped the city since the latter part of December is showing signs of waning there have been 27 cases of the disease reported so far this month here. There have also been reported nine cases of scarlet fever, three cases of measles and eleven cases of pneumonia in the city.

## Parent-Teacher Associations

**P. T. A. No. 5.**  
The regular monthly meeting of the Parent-Teacher Association of No. 5 school was held Tuesday afternoon, April 16, in the school with Mrs. Fred Schwenk presiding in the absence of the president. After a short business session the following officers for the coming year were elected: President, Mrs. George Logan; first vice-president, Mrs. George Hudler; second vice-president, Mrs. Fred Schwenk; secretary, Mrs. Edward Hillis; treasurer, Mrs. Ernest Hicks. The banner for attendance was won by Miss Powers' room.

**Lake Katrine.**  
Lake Katrine, April 23.—If the sale of tickets is any indication of the success of the P. T. A. Community Costume Frolic, it is already assured and it is hoped people will attend and make it a success. Prizes will be offered for the most artistic costume for lady or gentlemen and the most comical. Mr. and Mrs. Robert Groves of Kingston, and Mr. and Mrs. Robert Forde of Lake Katrine will act as judges. The Grange orchestra will furnish music for round dances, Virginia reels, etc. Coffee, punch, sandwiches and cake will be on sale.

**Free Lux Soap.**  
A group of local girls, employed by the Lever Brothers Company, will assist in a distribution campaign, giving away free gifts of Lux and Lux toilet soap, together with coupons entitling holders to more free soap. The girls will call at Kingston homes to give the free soap and coupons to housewives.

## Scientists Find End Of Plane Fire Danger

New York, April 23 (AP).—Acetate, which took the first menace out of movie films and made the latest brand of silk stockings, will end the danger of airplane funeral pyres.

Discovery of a new "dope" to coat airplane fabric and make it fire resistant, was announced to the American Chemical Society today by Dr. Gordon M. Kline of the U. S. Bureau of Standards.

He said gasoline sprayed on a wing coated with this stuff burns off without setting any fire.

The dope is not completely "fireproof." It burns, but, like the movie film, so slowly that the holocaust danger is removed. Passengers trapped in a plane accident, Dr. Kline said, would not be cut off from rescue by rapid spread of flames.

## Legionnaires Lose By One To Philadelphia Hebrews, 39-40

Finishing in whirlwind style, scoring 22 points to seven for the Philadelphia Hebrews, in the last period, the Kingston Legionnaires lost out by one point to the cagers from the Quaker City, Monday night in the professional basketball carnival at Atlantic City. Final score of the game was 40-39 in favor of the Phillies with Lautman the star of the attack. He made 13 points.

Trailing 17-33 at the end of the second period the Legionnaires put on a brilliant rally in the closing frame, but just couldn't make the grade before the timer's whistle ended the fray. A 10 point lead in the first period was what helped the Hebrews to win the game.

Al Kellek, Frank Morgenweck's center, got back into scoring form, after being in a slump for several games, and tipped the cords for five points and one rebound. Moe Spahn, latest addition to the Kingston club, tossed in four from scrimmage and three free throws, to the Kellek for the scoring honors. Each made 11 points. Next came Frank Shimek with nine, made on four fields and one from the complimentary stripe. Cy Kaselman, scoring sensation of the Hebrews, was held to one field.

The Legionnaires arrived in Kingston early this morning, eager to get going against the Brooklyn Visitation at the Municipal Auditorium, Wednesday night. They trimmed the boys of Johnny Donlon, 33-24, Saturday night at Atlantic City and hope to make it two in a row.

Prior to last night, the Phillies and Legionnaires were tied, each having won a game at the Auditorium here.

Individual scores of last night's tilt:

Hebrews	F.G.	F.P.	T.P.
Fitch, f.	3	1	7
Rosen, f.	2	1	5
Goldman, c.	3	0	6
Lautman, g.	5	4	14

**Kingston Cagers Anxious For Win Over The Visitations Here**

"Finis" will be written to the 1934-35 Kingston basketball era tomorrow night when the Brooklyn Visitation stack up against the Kingston Legionnaires at the Municipal Auditorium in a contest that promises to bring out one of the largest crowds of the entire season.

This post-season game is being staged as a direct benefit for the Welfare Fund of Kingston Post, American Legion.

The all-season record of the Legionnaires is 47 victories in 64 starts including the even break at Atlantic City. The win column includes some notable victories and Manager Frank Morgenweck is particularly anxious to add the Visitation again to the string.

Before that ambition is achieved, a great contest is in prospect. Manager John Donlon has put together a young team of speedsters. Carle Johnson and Bob McDermott, forwards; Howie Bollerman, center; Francis "Red" Conaly and Berensen are in the back-court positions. They move every minute of the game and put on an excellent exhibition. Those Kingstonians who saw them play the Philadelphia Hebrews at the 71st Regiment Army recently came back giving high praise to the Brooklyn outfit.

The Legionnaires will be in good shape to battle the American Leaguers for with two games under their belt over the week-end they will be in good condition. Captain Carle Husta will lead his regular outfit of Hank Kurtyka and Moe Spahn, forwards; Al Kellek, center; Frank Shimek and himself, guards. Corky Stanton will be ready to step into the fray when called.

**Drifts on the Game**

The big game will get underway at 8:45 sharp. The first game with the Kentlands playing a strong opposing team will swing into action at 7:30.

Donning will follow the game and the season will wind up in a blaze of glory. John Erbe's Imperial

## DRESSED UP

An informal view of an informal guy doing an informal job in formal clothes. Jack Dempsey, well known New York restaurateur and former heavyweight champion, is not performing as a floor show master of ceremonies here, just refereeing some amateur fights—for which he is in great demand.

## Coffey Will Tell Of Fight With Konchina

Having been asked many questions about how he took off 25 pounds or so in coming out of retirement to box Frankie Konchina for the 156th Field Artillery here back in 1928, Vince Coffey will try to answer some of them in an article he is preparing for tomorrow.

Coffey's feature, "The Ins and Outs of Boxing", does not appear to be because he has requested that "steals from his scrapbook" be discontinued. The "steals", describing some of Vince's battles, were used to fill in on days that he had no copy prepared. This was done to satisfy fans keenly interested in his stories and who have enjoyed them all.

Although Vince never had any newspaper experience prior to writing for The Freeman on invitation from the sports department, he has done exceptionally well. He has no so-called "ghost writer" like some of the sports celebrities on the big metropolitan dailies. All of the articles, except those about himself, were written by Coffey.

The "inside story" on the Konchina fight, which will conclude Vince's series, is something that boxing fans have been interested in for some time and probably will be one of the most popular ones he has written.

Watsonville, Calif.—Wee Willie Davis, 250, Virginia, beat Mike Mazurki, 230, New York, two out of three falls; Casey Kazanjian, 210, Stanford, defeated Fred Caroni, 220, Boston, two out of three falls.

Student tickets are also on sale at the Legion building now. No student tickets will be sold at the box office after 5 o'clock the night of the game at the Legion building. This is necessary because of the unusual activity at the Legion building tomorrow evening.

Kingston Post will have the members of both teams as their guests after the game, at the Legion building. President John J. O'Brien of the American League will be the honored guest. President O'Brien is coming here for the game tomorrow night and to look the Kingston situation over.

Captain Carle Husta and his Kingston Legionnaires returned to their home here this morning with an even local in the big World's Championship tournament staged at the Million Dollar Pier in Atlantic City over the week-end. Eddie Gottlieb's Philadelphia Hebrews edged out a one-point victory over the Kingston team last night after a hectic struggle that had some five thousand and basketball devotees in spasm during a torrid third period. The details of the contest are in another column of this edition.

The Legionnaires had beaten the Visitation on Saturday night by the score of 22 to 20 but it was a grueling battle and the Hebrews were comparatively fresh from an easy victory over the Atlantic City Sandpipers of the Eastern League.

While some of the Kingston boys and girls home from schools and colleges for the Easter vacation, a banner crowd is in prospect. The games in themselves and also the drama after the contests with good music will undoubtedly attract a large number.

## Court Corner —By Pap

This youth movement in tennis seems to be gathering momentum every day. The United States Lawn Tennis Association makes no secret of the fact that youngsters with almost no international experience are to figure in the coming Davis cup matches.

The eastern association took a vital step forward when it set aside a sum of money to use in establishing a system of free tennis instruction for promising boys up to 14.

Junior players in the east have Valentine Ely, chairman of the Junior and Interscholastic committee of the Eastern Lawn Tennis Association, to thank for this help. As the result of Ely's persistent demands the development of eastern boy players is being placed on a sound basis.

The plan is to give instruction to 15 of the most promising youngsters twice a week during June and July, at the Somerset Hills Country Club at Bernardsville, N. J., and the Manors Island club of Rye, N. Y.

Likewise commendable is Mercer Beasley's announcement that his protegee, Frankie Parker, would not be a candidate for the United States Davis cup team because his time would be taken up with his studies.

**The Beasley Proposition**

It was nine years ago that Beasley took Frankie to his guardianship on the strength of two arguments:

First, that he'd make a man of him, physically, mentally and socially.

Second, that he'd develop the youth into a world's top ranking tennis player.

Beasley appears to be well on his way to fulfill those promises. Those who know Frankie's home life in the Beasley household realize that he and Beasley enjoy a father-and-son relationship and that Mrs. Beasley treats him as a member of the family. Frankie has studied diligently at Lawrenceville school in New Jersey, where he is a senior.

In tennis the youth has come a long way. Under Beasley's tutelage he earned No. 4 ranking nationally last year. If Parker is of Davis cup timber he'll have ample time to show it later on.

**Mrs. Carr Was Right**

Parker's case in some ways parallels an incident which occurred at the tryouts for the 1924 Olympic games. Sabin Carr, a youngster attending Hill school, astounded the committee by earning a place on the squad in the pole vault. He had to decline the berth when his mother refused him permission to accompany the team.

The boy was too young, his mother contended, to make the trip abroad. She did not wish to have the youngster's educational program interrupted.

There would be other Olympic games and his chances of winning international honors would materially improve with maturity.

Carr went on to Yale and found time to win about every possible pole vault honor.

Sometimes we lose the proper sense of proportion where international sports competition is concerned. We should take pride in the athletic achievement of our youth and foster their development but not at the expense of wrecking the foundation of a career of useful endeavor by interfering with their schooling.

## Herb Mills Signs Walt Black And Johnson For Forst Team

"We'll have Walt Black and Johnny Johnson with us this year," said Manager Herbie Myers of the Forst team today when he announced the Packers are scheduled to open their season on Wednesday evening, May 8, at the Athletic Field.

The game will be a free lance affair to tune up the Butchers for the City League, which is to get under way the following week. Opponents of the Forsts in the exhibition will be the New Palis All Stars, showing Foxy Kaman and several other Poughkeepsie stars in action. Starting time of the tilt is 6:15.

Black seemed happy over signing Mills, a capable portside hurler, and Johnson, who is an experienced third baseman. Both have seen action with various semi-pro clubs and in the city leagues of past years.

Besides these two, Mills has received the promise of Spec Ellis, Poughkeepsie twirler, that he'll play with the Forsts this summer.

Others on the roster are Lefty Martin, Ed Flemming, Joe Hoffman, Bill Messing, Luis Bruhn, Fritz Bruhn, Ed Stumpf, Jimmy Merritt, Jack Dawkins, Pres Knight, Andy Celuch.

Forsts have ordered new uniforms from Kantowitz Brothers. North Front street athletic equipment dealers, trimmed with red and gold, colors of the packing house.

The Packers will hold a practice Sunday morning at 10 o'clock on the diamond at the Athletic Field.

## American Legion Wins Title In The City Bowling League

It's all over in the City Bowling League except for the annual banquet and awarding of prizes to the stars, the league having been brought to a close last night. In the final slate of matches, the American Legion took three straight games from the Lyceum keglers, thus clinching first place in the league standing and the championship.

Next to the Legion comes the Colonials, two games behind, and then St. Peter's with one less win than the Colonials.

The banquet and awarding of prizes will be held Monday night at the Stuyvesant Hotel.

Individual scores of last night's games were:

preside at the Albany term. The exchange of assignments was made because of illness of Justice Schenck, who will be able to remain at home.

This will be the first trial term at which Justice Schirrick has presided here since his assignment to the supreme court bench. Justice Schirrick has had a busy session since his assignment to the bench, having held terms each month since the first of the year.

Court will convene May 6 at 2 o'clock.

## TRIBUTE PAID TO CHARTER MEMBERS OF ASSOCIATED PRESS

Tribute was paid at the annual luncheon of The Associated Press to 27 surviving charter members of the association. Those present were introduced by Kent Cooper, general manager of The Associated Press, who praised the work of the 27 men who have been members continuously through the 35 years the association has been in existence. The above photograph, taken at the Waldorf-Astoria Hotel in New York, shows 14 of the charter members.

**Blink Electrocuted.**  
Joliet, Ill., April 23 (AP).—With words of hatred on his lips, Fred Blink, 44-year-old farmer, was electrocuted in the state penitentiary here early today for the murder of John Hamilton, one of five persons he killed with a shotgun near Fulton, Ill., last September. Blink was calm just before he received the first jolt of current at 1:07 a. m., and when, earlier, he kissed his wife and five children good bye.

## Benedictine Ball Was Great Success

The annual Easter Ball given for the benefit of the Benedictine Hospital, to carry on the beneficent work of their charity wards, given at the Municipal Auditorium on Monday evening, was a great success in every way. Mrs. Edward Loughran, president of the Auxiliary, and Miss Campbell, first vice president of the organization which annually sponsors these balls, are to be highly complimented on the preeminent success of the entire delightful social affair. There was a very large attendance but so many of those who attended to enjoy the entertainment left at its close that there was ample room for enjoyable dancing with music par excellence for the dancing. The program was most unusual and of a high order of skilled performance. All combined to make the evening one long to be remembered.

An usual an attractive reception room had been arranged at the side of the auditorium, near the stage where were gathered the officers of the Auxiliary, present and past, the Rev. Dean Stanley and clergy.

Judge Schirick welcomed the large audience in the name of the Benedictine Sisters and the Ladies' Auxiliary, expressing for them the heartfelt appreciation of their cooperation in the past and present and hoping for its continuance in the future. Judge Schirick felt that the entire community, appreciated fully the noble work of the Benedictine Sisters in their care for the sick, assisted by the faithful women of the Auxiliary. The community has never failed to support them in this work in the past and the judge was sure that they never would fail in the future. Judge Schirick announced, greatly to the disappointment and anxiety of all, that Mayor Heislman who was to have given the official welcome of the city to the assembled gathering was sick in bed and unable to be present. However, Corporation Counsel Cahill was present and would extend that particular welcome for the Mayor. Mr. Cahill said he considered it a signal honor to take the place of Mayor Heislman who sent his regrets at being unable to be present. He too, thanked the large audience for its generous support of the Benedictine Sisters in carrying on the beneficent work of the hospital. Those carrying on the work in the hospital besides the Sisters include the staff, composed of the best surgeons and physicians in the community, the most efficient and well trained nurses and last, but not least, the patients received the beneficent and fastidious care of the Sisters themselves who so spent their lives without hope of earthly gain, only in the hope of an eternal reward. As for the unfortunate whose lot fell to their being placed in the Benedictine Hospital, they looked upon the Sisters as angels of God. What the women of the city who belong to the Auxiliary have done and are doing is an inspiration indeed, according to the speaker, to others to emulate them in seeking to do the good work of the Benedictine Hospital and that without public tax.

The program was then turned over to Alfred Skon, head of a noted New York booking house who acted as an announcer for the talent presented. So thoroughly masters of their various forms of entertainment were all of the artists presented that the enthusiasm of the audience ran high and each number was received with bursts of applause.

The program opened with the appearance of Raymond, Carlos and Francis, feature dancers from Radio City Music Hall, whose Adagio Waltz was artistic in the extreme. Later these very graceful dancers gave a "Dance Modernistique," in which the dancing girl was lightly thrown from one partner to the other.

Anita Jakob, considered the fastest acrobatic dancer in America then gave a decidedly sensational acrobatic dance with breath-taking—on the part of the audience—swiftness and grace.

The third number featured one of Kingston's artistic young people in whom we are all interested, Miss Helene Mae, soprano soloist, whose accompanist was Harry Mason-belder. Miss Mae's lovely voice is growing in richness of timber and purity of tone and she has acquired the artist's stage presence so necessary for solo concert work. She sang admirably and sweetly, with some especially fine pianissimo as well as florid passages, "Pala" by L. Arditi. In response to the continuing applause the soloist sang an encore, "Will you Remember," by S. Romberg. Miss Mae is now to be heard from both WEAF, New York, and WGY Schenectady.

The Three Olympics including a young woman, well deserved their name for they were almost unbelievably proficient and astounding roller skaters who apparently accomplished the impossible in speed and skill on tricky roller skates. No wonder they are society favorites in New York where they are a feature of Beaux Arts Ball, etc. After their own performance they invited any one from the audience to join them for a "ride," to be given them by the skaters. Finally a young lad with a thirst for adventure went forward. He was twirled and spun and waved in the air until he was fairly blinded with dizziness, but seemingly hugely enjoyed the experience after all.

## Filibuster Threatens Anti-Lynching Bill

Washington, April 23 (AP).—The prospect of a possible filibuster of major proportions confronted the Costigan-Wagner anti-lynching bill today as Senator Costigan (D-Colo.) made his plans to press for consideration of the bill, possibly this afternoon.

Senator Smith (D-SC) who already has assailed the bill to make lynching a federal offense, was asked if he intended a filibuster. Without using that word, he said:

"I will do everything in my power to defeat the bill. I will take the floor as soon as it is brought up and keep on fighting."

Two other southerners, Senator Byrnes (D-SC) Senator Reynolds (D-NC) said they would vote against the bill.

Hope that discussion of the bill would not develop into a sectional fight was expressed by Costigan.

"Lynching is a national problem. This whole drive started as a result of the lynching of two men in San Jose, California, a year and a half ago. It is not a sectional matter," he said.

The measure authorizes the Federal courts to handle lynching cases and penalizes counties where officers are shown to have "failed, neglected or refused" to exercise due diligence.

Failure of an officer to perform his duty would make him subject to a fine up to \$5,000 and imprisonment from 5 to 25 years.

## Plan to Test Police Radio Station Today

H. R. Davidson, engineer in charge of the installation of the police department radio broadcasting station, stated this morning that he planned to test out the station today. All three of the police radio cars have been equipped with radio receiving sets, and the installation of the station in the city hall has been completed. All that had to be done today was to complete a few details in connection with the hook-up, and tuning the station.

The closing number of this highly appreciated program was given by the Cosmopolitan Trio, composed of Violet Anderson, soprano, of the Aborn Opera Company; M. Tommasini, tenor, of the Metropolitan Opera Company; V. Guinari, basso of the Chicago Opera Company. They sang the "Sextet from Lucia di Lammermoor," a quartet from "Rigoletto," "Kiss in the Dark," by Victor Herbert; and "My Hero," from "Chocolate Soldier," and were applauded and applauded.

Dancing began at the hour promised with our own two live orchestras, Drake's and Zucca's, playing for the dancers who soon filled the floor with picturesque and gaily moving figures.

During the evening refreshments, lemonade and "smokes" from the dining room and booths were in great demand. In fact much of the success of the ball derived upon the efficiency of the committees of the Auxiliary as well as of the officers.

Perhaps best of all, the Benedictine Hospital's charity work will receive a very considerable financial help for the coming year as the result of the 1935 Easter Monday Ball.

## Woodland Residents Inherit Estate

New York, April 23 (Special).—Vera M. Garrett and Theodore Miller of Woodland are named beneficiaries in the estate left by an aunt, the late Emma J. Miller Earp, whose property was appraised today by the State Transfer Tax Department. The former is left \$5,000 and the latter \$1,000.

Mrs. Earp, wife of Wilbur F. Earp, prominent New York lawyer, was a daughter of John Miller, builder, who is said to have erected the first apartment house on Riverside Drive. Property left by Mrs. Earp at her death on October 17, 1932, was appraised today at \$203,171 gross value and \$193,243 net.

A third the residuary estate goes to Mr. Earp and the remainder to Mrs. Imogen Donnel, a daughter of New York.

### SUCCESSFUL PROGRAM HELD AT WEST SHOKAN CHURCH

West Shokan, April 23.—The Easter program held in the church auditorium Sunday evening was well attended. The front of the stage and the railing along the organ was decorated with laurel and artificial flowers. On the front stage stood a beautiful Easter lily which was presented by Mrs. West. At the background of the stage stood the old rugged cross likewise trimmed with laurel. Members of the Sunday School group, under the direction of Mrs. Bertha Thompson, have been rehearsing for several weeks in order to have a successful program. Much credit is given to Mrs. Thompson. One of the outstanding features was the pantomime of the old rugged cross. The people who attended these services were pleased to have with them the Rev. J. B. Steketee of Kingston who gave a very interesting address and told the real meaning of Easter.

Among out-of-town people present were the Rev. and Mrs. J. B. Steketee of Kingston, Mr. and Mrs. Edward West, the Misses Anna and Esther Riseley, all of Allaben, William Bender of Mettachonts, Mrs. Blanche Berodny and son, Julius, of Long Island, Miss Edna Oakley and Miss Ida Mae Davis of Olive Bridge, Lawrence Shurtler of Samsomville, and others.

The program was very much enjoyed by all. The program included the following:

Opening Chorus—Thro' Gates of Spring; Sunday School; Responsive Reading and Prayer; recitation, Welcome, Sarah Roe; recitation, Have Courage, Frank Clearwater; recitation, Easter Tidings, Dorothy Smith; recitation, Easter, Catherine Roe; duet, Alone, Louise and Helen Thompson; recitation—The Tidings, Gladys Pallen; recitation, The Sentries Who Flew from Their Post, Jesse Sheeler; recitation, East in the Garden, Lorraine Tweedy; recitation, Jesus Will Like It, Vincent Pallen; solo, Louise Smith; recitation, The Easter Story, Mildred Roe; recitation, The Father's Care, Frank Kline; recitation, Easter Millions, Gertrude Pallen; pantomime, The Old Rugged Cross, group of girls; address, the Rev. J. B. Steketee; recitation, A Guide to His Garden, Dorothy Eckert; recitation, Pass It Around, Eugene Kline; Offering, hymn by the Sunday School; recitation, A Healing Fountain, Cornelia Davis; recitation, Brave Like Jesus, Montgomery Wells; play, What Easter Means This Year; closing hymn, Carry Your Cross With a Smile.

Weekly prayer meeting will be held Wednesday evening at Maple Dell Farm.
